

FERNANDO **POGGIO**

FERNANDO POGGIO is a company devoted to the production of design objects. Designing innovative, different and superior quality products using expertise, projective knowledge and artistic value results in unique pieces where art and design combine.

Fernando Poggio produces objects and furniture full of contemporary urban life and creative spirit .

The Spirit of his work goes through experimentation, through break , through introduction of new concepts and the redefinition of the existing.

His work is based on the constant search expression, the development of the non-explored and the excellent workmanship of the objects .

Fernando Poggio 's creations are composed merging colours, shapes and messages.

The objects are combined into a whole intervened, forming special worried pieces looking for their own roots which let as be unique and different.

Fernando Poggio took part in many nationals and internacional fairs and exhibitions such as :

Ambiente, Tendence Lifestyle / Frankfur ,
Salone Satellite / Milan, Eco-Design & Eco-Innavazione
(within the framework of the international
Design Biennial in Italy), Craft Design / Brazil,
NYGift / New York.

He was invited as a representative of the Argentinian Designer in 100% Design Tokio and 100% Design London.

His products are part of the permanent collection of the Buenos Aires Museum of Modern Art .

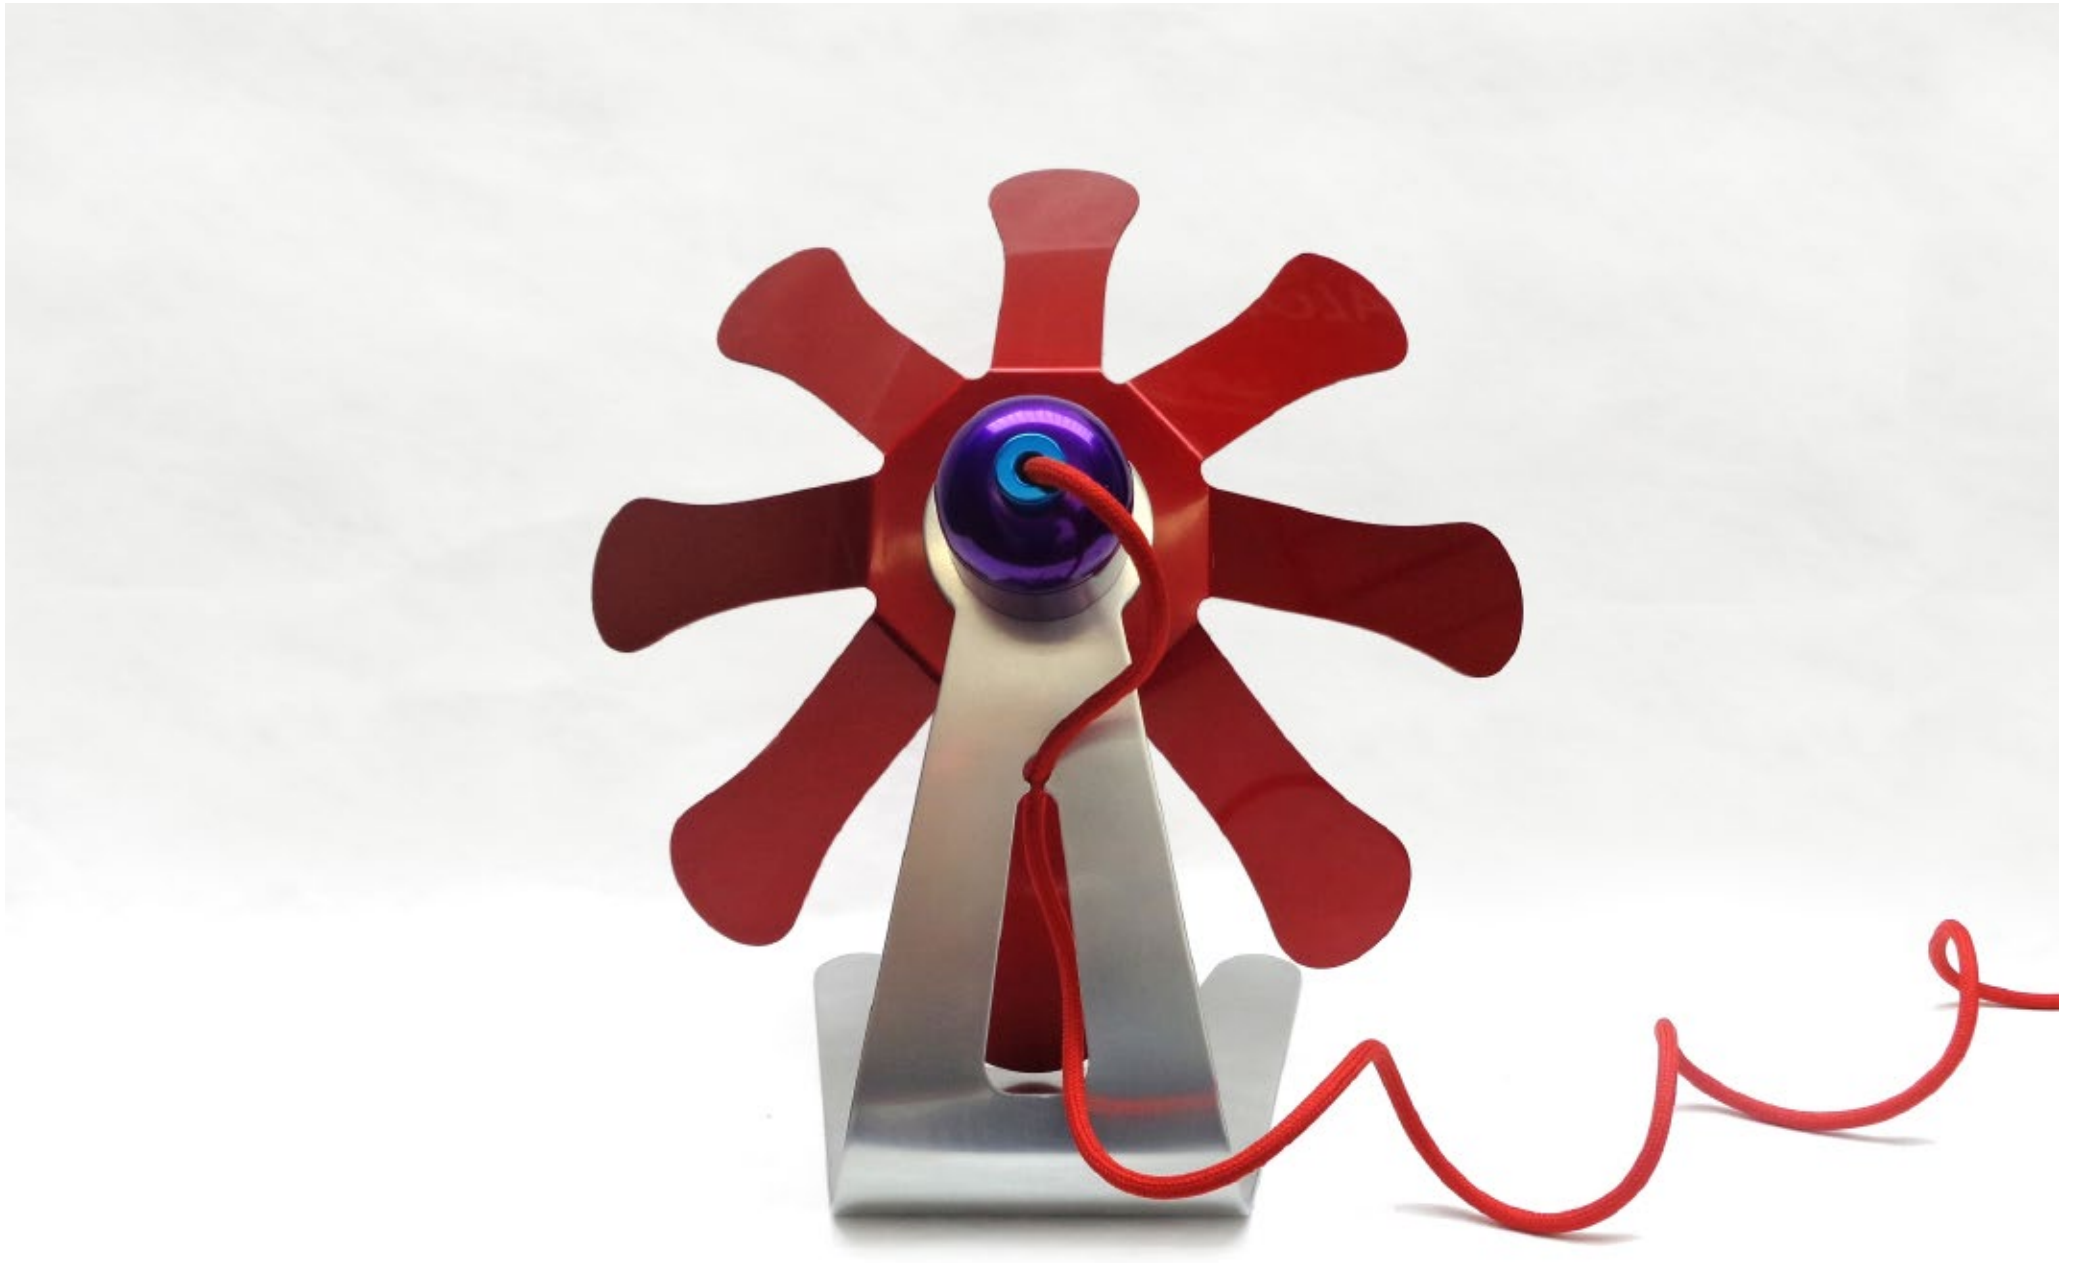

His work has been reported in numerous art books and specialized publications.

He has been summoned as a speaker, jury and curator of various conferences, art competitions and exhibitions.

Poggio ' s work included different pieces ranging from objectivity to the development of furniture, signage and awards .

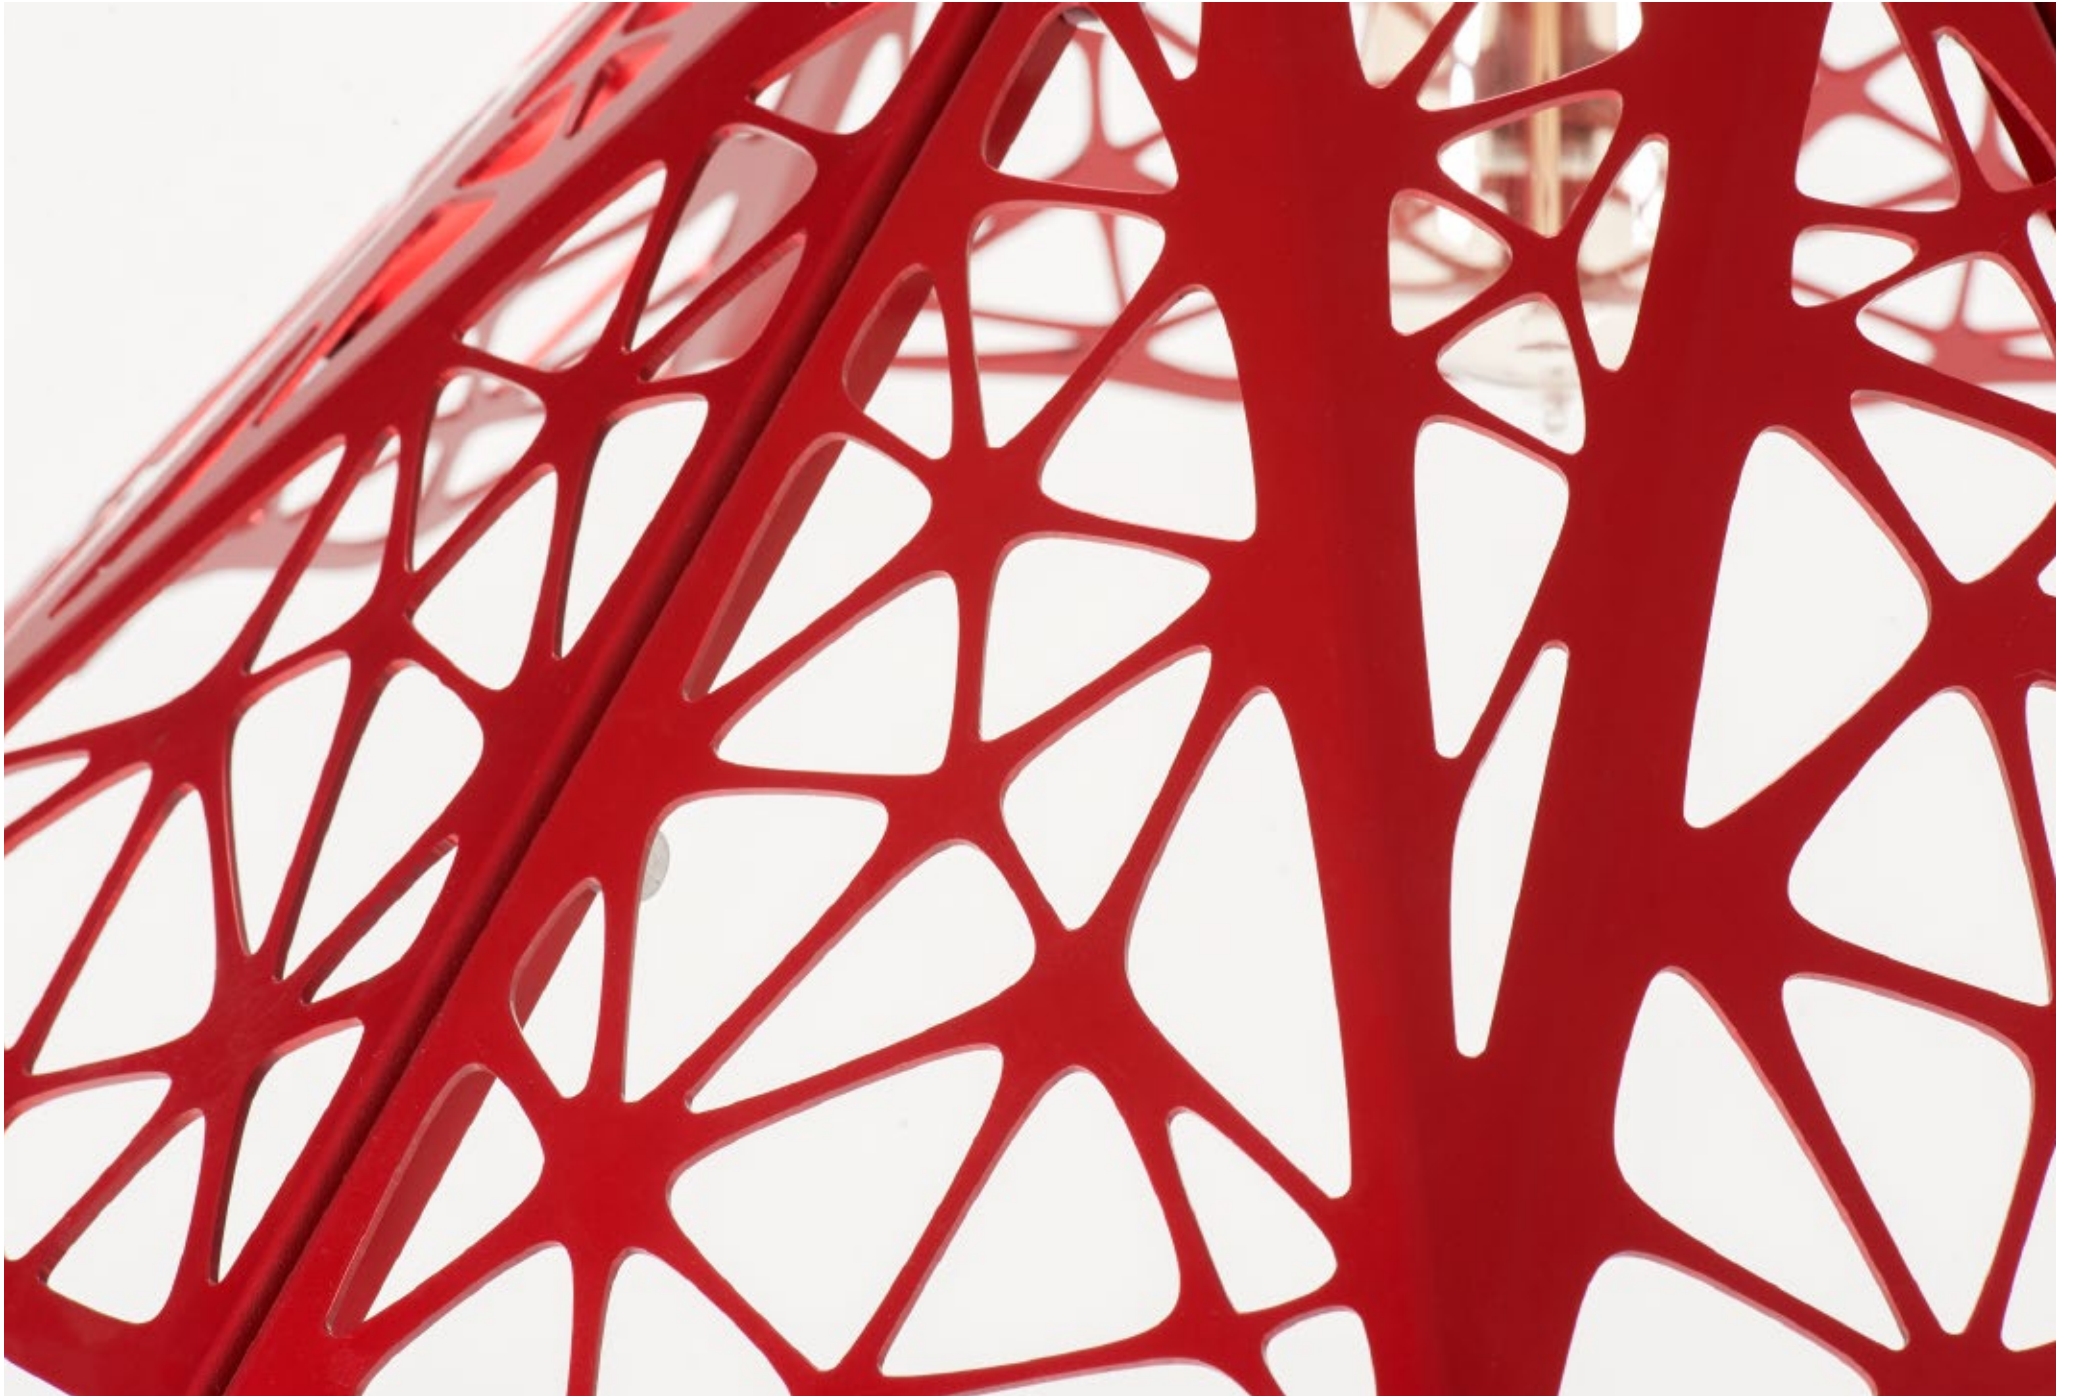

His pieces are sold in stores Museum such as Malba, Fortabat Foundation, Sivori Museum, Museo del Mar, Colon Theatre, Thyssen Bornemisza in Madrid, among others.
